Old Business

Scott reported that he, Gabriel, Dave, and Jean represented NMHS at the Dragonfly Festival at Bitterlake National Wildlife Refuge (NWR) on September 8-9. Visitors numbered approximately 500-600 on Saturday and 200-300 on Sunday. The NMHS representatives had the opportunity to talk and take photos with Dr. Brady Barr, the featured speaker at the festival. Scott explored the possibility of NMHS bringing Dr. Barr to speak at one of our functions, but the cost is prohibitive for this group.

Ted Brown reported that Jaci Fischer reserved Garcia's on Central for the NMHS holiday banquet to be held on December 8. Bob Meyers will again host the cocktail hour at the Rattlesnake Museum. Potential speakers include Dr. Valerie Clark, Bill Love, biopark curators/caretakers, Carl Franklin (University of Arlington), Bob Ashley, Ann Christman (US Fish and Wildlife Service in Albuquerque), and Pat Spain of Beastly Encounters. Scott will print forms for the silent auction.

Scott reported on the status of the tortoises discussed at the September meeting – The desert tortoise will be kept until spring by the owner. Although there was interest expressed in the red-footed tortoise, the owner never responded.
